Thank you

The object you have in your hands is like a bottle, which has been tossed into the sea many years ago and contains a message.

Ever since we conceived the idea, enthusiastic craftsmen have offered their skilled hands, minds and souls to turn Ajor into a tangible object so it could tell one story in front of yours.

The cycle finishes with you. Thank you very much! We hope you enjoy your Ajor.

Handle

The wooden handle is finished with an enrust treatment which preserves its original look and feel.

Please wash by hand and remember you can help protect the wood by applying a bit of sunflower oil with a soft cloth.

Salt & Pepper shaker

The shaker, which includes three sections, is used to hold table salt for pepper or any other ground spices. The container that has a single-ozit.

If you live in a humid area, you can add a few grains of rice in order to absorb any excess moisture and prevent it from clumping.

Olive oil & Vinegar bottle set

You can clearly differentiate each bottle by the color of the anti-drip spots.

Green was chosen for the oil and red for the vinegar, soy sauce or any other dressing you care to use.

Sauce containers

The set includes two containers, which come with a lid and a little spoon for your sauces.

You decide which ones you want to serve mustard, chimichurri, hot sauce, etc.

First use / Cleaning

Before using your Ajor you must clean and dry all of its components. You may use the dishwasher, however we recommend you clean by hand, using a soft liquid soap in order to preserve it and enjoy its softness.

Reef

Before refilling your olive oil and vinegar bottle set, make sure the inside is completely dry. You can use a measuring cup to refill. Just remember, its capacity is limited to 1/2 cup. Make sure the glass sports is well adjusted for a correct use.

“Natura imitata” comes from Latin and means imitating nature. Throughout millions of years, nature has perfected its best designs to perpetuate a balanced life, by maintaining its rich diversity and expressing its beauty.

Man had not yet been born.

NATURA IMITATIS is a collection of designs inspired by nature and are charged with a special kind of energy that transforms them into living objects with an enchanting story to tell. A story that says something more than meets the eye.

These useful objects are made for those who feel the need to reconnect with nature, beauty and renew human values.

Ajor is part of this collection and has been created by skilled craftsmen who use natural, recyclable materials which are respectful with our environment.
